Special Temporary Authority
BESTA-20160818AAL

Dear Licensee:

This is in reference to the request filed August 18, 2016, on behalf of Rogco Family I, LLC ("Rogco"). Rogco previously explained that the tower from which FM translator K257FC is licensed to operate was damaged and has been dismantled. Rogco requests an extension of the February 25, 2016 Special Temporary Authority to operate from a nearby structure at reduced power in order to maintain station operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

The request for STA extension IS HEREBY GRANTED. Station K257FC may continue to operate with the parameters and antenna requested in the February 11, 2016 STA request (BSTA-20160211ACI). Rogco must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 17, 2017**.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.
